SKILLS

Databases: SQL, MongoDB, SQLite **Frontend:** HTML5, CSS3, JavaScript, ReactJS **Backend:** Node.js, Java, Python
Visualization: Tableau, Power BI, Miro, Jira, Kaggle **Other:** Business Analysis, Soft Skills, Git & GitHub, AWS, Vercel, Railway

PROJECTS

AI Chatbot for Novel Writing | *Generative AI, NLP*

2025

- Built an AI-powered chatbot using React, Node.js, and an AI API to assist writers with plot generation, character development, and creative suggestions.
- Designed an intuitive real-time chat interface tailored for long-form creative writing workflows.

Ambulance Tracking & Booking Dashboard | *Real-time, GPS*

Mar – Apr 2025

- Developed a web emergency dashboard for booking/tracking ambulances in real-time using GPS and Google Maps API for live ETAs and route visualization.
- Implemented Binary Tree DSA for efficient ambulance allocation with Admin Dashboard, Driver Portal, and location-based matching. Stack: React, Node.js, MySQL.

MCQ Exam Portal for College | *Exam System*

Feb – May 2025

- Secure platform for creating & conducting MCQ exams with automated grading, real-time results, and instant student feedback. Stack: React, Python (Flask), MySQL.

Farmer Support System | *Support Website*

2024

- Customer support web platform for query management and self-service resources. Stack: HTML, CSS, PHP.

CERTIFICATIONS

AWS Cloud Foundations – GeeksForGeeks

2025

Learned core AWS cloud concepts including compute, storage, networking, and cloud architecture fundamentals.

AWS Cloud Academy (ACOS) – Cloud Academy

2026

Advanced cloud training covering AWS services, deployment models, security, and cloud operations at scale.

Microsoft Azure | Power BI | ML & AI – Microsoft Elevate

2025

Hands-on training in Azure cloud services, data visualization with Power BI, and fundamentals of Machine Learning & AI.

Generative AI Masterclass – Outskill

2025

Explored large language models, prompt design, and practical applications of generative AI tools in real-world projects.

Git & GitHub Bootcamp | Prompt Engineering – LetUpgrade

2025

Covered version control with Git/GitHub workflows and effective prompt crafting techniques for AI models.

Full Stack Web Development – TechSaksham (Microsoft & SAP)

2022–2023

Built end-to-end web applications covering frontend (HTML, CSS, JS, React) and backend (Node.js) technologies.

Java Programming – Besant Technologies

2023

Trained in core Java, OOP principles, and application development with a focus on coding best practices.

Barclays Lifeskills Programme – GTT Foundation

2023

Developed professional communication, public speaking, emotional intelligence, and workplace soft skills.

EDUCATION

B.Tech in Computer Engineering (SCGA:8.55)

Sep 2024 – Jun 2027

Deccan Education Society (DES Pune University), Pune, MH

Diploma in Computer Engineering (CGPA: 8.4)

Aug 2021 – Jun 2024

JSPM Bhivrabai Sawant Polytechnic College, Pune, MH
